CROCKETT HAS BEEN CLOSED BY HEALTH OFFICER

Dr. Blake, county and city health officer, went to Crockett today and closed up that place tight. All schools, churches, moving picture houses, saloons and other places where people congregate were ordered to close their doors and remain closed until further advices from the health authorities.

According to Dr. Blake, Crockett has been undergoing a mild attack of smallpox and then along came the Spanish influenza. A large number of the people of the sugar city have been stricken with the latter disease and it is thought the best and easiest way to stamp it out is to close up the town in the same manner Richmond has been closed.

WILSON'S NOTE IS WORRY TO THE GERMAN DIPLOMATS

BERNE, Thursday, October 17.—President Wilson's reply to the German note has created a new state of affairs in diplomatic discussions relative to peace, it is reported here from German sources and the German reply, it is said, will make it clearly understood that the tone employed by the President was open to objections.

There have been passionate discusstions of the President's reply at meetings of all the groups of the Reichstag, but no line of policy has been determined.

The presence of Field Marshal von Hindenburg in Berlin is believed to foreshadow the drafting of the German reply to President Wilson. Under the circumstances it is uncertain whether the Reichstag will meet tomorrow. In any case there will be no plenary meeting of the parliament before the reply is forwarded.

KING AND QUEEN OF BELGIANS IN OSTEND

PARIS, October 18.—King Albert of Belgium and Queen Elizabeth entered Ostend yesterday afternoon.

SALOONS OF RICHMOND ARE CLOSED BY ORDER OF THE HEALTH COMMISSIONER

Richmond is a bone dry town!

The doors of the thirst emporiums have been closed and will remain so until old King Spanish Influenza has been banished from this community. The old fellow has been on something of a rampage in the city and surrounding country for the past few days and it is suspected he has been drinking, else why would he cut up in such a ridiculous manner?

At any rate he has done something that has never before been accomplished in Richmond since the town came into existence. He has made the town dry as the proverbial bone, for Dr. Blake, city health official, issued the edict this morning and what he says goes.

For the past few days there have been heard grumblings about the saloons. People complained that men should be permitted to congregate in these places, yet were barred from attending churches and theatres. Then, too, it was argued that saloonmen were not conforming to the law relative to sterilizing their drinking glasses, hence they were dangerous in that way.

So those thirst parlors have been closed up and will remain closed until Dr. Blake declares the danger is past and permits them to again open their doors. In the meantime all other places, such as churches, schools, theatres, pool halls will be kept closed. Only places of business which are considered essential to the well being of the community are permitted to conduct their usual business.

HUNGARIAN DIET IN TUMULT OVER PRESIDENT'S PEACE TERMS TO GERMANY

BASEL, Switzerland, October 18—Scenes of tumult prevailed at the meeting of the Hungarian Diet yesterday, during which demands for peace were made, and it was announced that Austria was being organized on a federal basis. So great was the uproar that the presiding officer was obliged to adjourn the sitting. The disorder continued, however, the deputies calling each other "blackguard, liar, traitor, slave," etc.

Dr. Alexander Wekerle, the Hungarian premier, said that the federal states which will be formed in Austria will organize their economic and military policies on an autonomous and independent basis. He made an appeal for united action by all parties.

Count Michael Karolyi, president of the Hungarian Independent party, who followed Dr. Wekerle, demanded that immediate peace negotiations be begun without regard to the community of interest arising from the policy which has heretofore been followed.

Count Stephen Tisza, the former Hungarian premier, who on Wednesday had a narrow escape from a wouldbe assassin, attacked Count Karolyi, yelling, "You are entente agents!"

Martin Novassy, one of the members of the Diet, answered, "We are friends of the entente."

Great disorder ensued.

When the sitting was resumed after a brief postponement, a draft of the address to the king was read. It said the result of the war had been such as to place the throne in danger. It stated that Hungary must have full autonomy.

IN ACCORD WITH WILSON.

"Hungary feels herself to be in full accord with the ideas spreading throughout the world along the lines of the noble principles of President Wilson's address," the address continued. "Hungary must be completely independent, must have general electoral suffrage and the relations between nationalities in the country must be governed by the principles enunciated by President Wilson."

Dr. Wekerle said:

"The protection of our integrity as a state and the maintenance of our unity are tasks we must accomplish at all costs. We desire to grant individual rights to the different nationalities who have lived among us for 1000 years. We are not contradicting our traditional point of view in accepting President Wilson's principles. As far as absolute equality of rights to individuals and the defense of our integrity and the unity of the state will permit, we will willingly satisfy the claims of different nationalities."

SHIPYARD MEN ARRANGE FOR GLEE CLUB

BAY POINT, October 18. — A glee club is being formed by the the employes of the Bay Point yard, and F. D. Tandy has been designated the leader. Several men with more than ordinary talent have already entered their names and it is intended to make the organization one of the best among the shipyards. Rehearsing will be started at once with the object of giving public concerts in the near future.

"Full Speed Ahead," the plant paper, which was recently started, which is edited by and for the employes, is prospering and growing, and the editors have announced that it will be issued twice a month in the future.

M'ADOO URGES EVERYBODY TO BUY BONDS

Last night the Record-Herald received a telegram from W. G. McAdoo, secretary of the treasury at Washington, urging the people of the United States to buy more. Here is the telegram:

WASHINGTON, D. C., (6:10 p. m.), Oct. 17.—Record-Herald, Richmond, Calif. Subscriptions reported and estimated up to noon Thursday amount to four billion dollars, leaving at least two million dollars to complete the Fourth Liberty Loan. Only two days are left within which to raise this vast sum. No country on earth but America could raise so vast a sum in so short a time. America can do it and must do it.

The destiny of the world and the hopes of civilization are centered upon America. We shall fail in everything we have fought for and hoped to gain in this war if the Fourth Liberty Loan is defeated.

Let every true American citizen today examine himself under the white light of patriotism and say whether or not he has done his utmost in this emergency.

The highest obligation of duty and patriotism command every true American to go immediately to his bank or to his Liberty Loan Committee and subscribe to the limit of his ability to the Fourth Liberty Bonds.

Don't delay. Don't wait to be urged. Be as quick to do your part in this Fourth Liberty Loan battle as our soldiers in France are quick to obey the orders to charge the enemy. Buy Liberty Bonds on the installment plan if you cannot buy them for cash. If every patriotic citizen will do his duty today victory for the Fourth Liberty Loan is certain.

The continued victories of our armies in Europe, the certain defeat of our enemies and the glorious triumph of the cause of liberty depend upon what the American people do in the remaining two days of the Fourth Liberty Loan campaign.

W. G. McADOO.

ONE DEATH IS REPORTED BY AUTHORITIES FROM INFLU

Richmond is credited with having 550 cases of so-called Spanish influenza by the state board of health, but local medical men say there are twice that number afflicted with the disorder here and more are coming down every hour of the day.

Druggists, doctors, nurses and everybody who can help, have their hands full with caring for the sick and while it is thought the disease will not have run its entire course before the end of the coming week, there are those who believe the worst is over and that henceforth the death rate will be kept at a lower ebb. So far as known there has been but one death from the disease since last night. Charles E. Sheaffer died at his home, 1601 Petrero avenue. All of the other patients seem to be getting along nicely and while some of them are very sick, the general condition today is better than yesterday.

The general feeling among the people seems to be that we will be out of direct danger after next week, but in the meantime the people should stay at home and attend to their own affairs. Avoid mixing in crowds as much as possible and be rational and sane in all things. Take plenty of rest, take care of the nose and throat, breathe plenty of pure fresh air and bathe frequently.

School will probably begin after next week. At the present time many of the teachers are ill and nurses are out of the question, for they cannot be had from any source.

DRAFT REVISED TO PROTECT BUSINESS

WASHINGTON, October 18. — President Wilson was "very much concerned about the attack" the inclusion of the older age limits in the new 18 to 45 draft "might make upon the economic life of the country." So much so that he himself "has dictated very largely the course to be pursued in framing the regulations governing deferred classifications of those engaged in essential occupations.

This was revealed by Provost Marshal General Crowder in his testimony before the House Appropriations Committee, which was made public today. The general's testimony was given when the committee was considering the $6,245,755,666.04 deficiency appropriation bill, which the House is expected to pass this afternoon. One item in the measure provides $20,000,000 for the expense of the new draft.

President Wilson has also personally approved a plan to station in the area of each district draft board three expert advisers to determine the exemption or deferred classifications of those engaged in "various civil activities that are essential to be maintained in the national interest during the war," General Crowder informed Representative Sherley of Kentucky, chairman of the committee.

One of these expert advisers is to be designated by the Department of Labor, another by the Department of Agriculture, and the third by the district draft board itself.

John W. Wales celebrated a six months' parole given him by the authorities by coming to Richmond to get drunk. He was arrested and put in jail and when sober enough sent to San Francisco to finish his jail term there.

GERMANS BEGIN RETREAT FROM LONG-HELD POSITIONS IN BOTH FRANCE AND BELGIUM

LONDON, October 18.—Zeebrugge, the port of Bruges and the second important German submarine base on the Belgium coast, has been occupied by allied forces.

BRITISH IN OUTSKIRTS OF TURCOING

LONDON, October 18.—British troops have reached the outskirts of Turcoing, a secondary German base, six miles northeast of Lille, it was officially announced early today. The allied armies on the front between the North sea and the Lys River (Flanders front) have advanced 12 1-2 miles, capturing Ingelmunster and Meulebeke. This advance was carried out over a 30 miles front. (Ingelmunster is 17 miles east of Ypres. Meulebeke is three miles northeast of Ingelmunster.)

HNNS FLEE IN BELGIUM ON THIRTY MILE FRONT

HAVRE, October 18.—The German retreat continues over a 30 miles front in Belgium, the war office announced today, the enemy having fallen back 12 1-2 miles yesterday. A number of Germans were found drunk in Ostend, the official statement said.

PARIS, October 18.—The Germans have begun a new retirement movement in the area between the Oise and Serre rivers, between Laon and Cambrai, according to the official statement from the war office today.

French troops advancing from Achery and Cholgny are in pursuit of the German rear guards. Angulcourt has been occupied by the French.

In the Argonne region the French have crossed the Aisne near Vouziers. Fighting continues in the area west of Grandpre.

WITH THE BRITISH ARMY ON THE WESTERN BATTLEFRONT, October 17 (10 p. m.).—The allies have entered Ostend (the former German submarine base on the Belgian coast), Bruges and Douai.

Americans who attacked with the British army today southeast of Cambrai gained important ground, but they had to fight for every inch of it.

Belgian patrols entered Bruges this afternoon.

British forces that entered Douai crossed the Scheldt canal at several points.

GAUZE MASKS WORN BY BUSINESS MEN

Clerks and officials in the First National Bank of this city are wearing gauze masks and to further protect them from the insidious influenza microbe gauze curtains are draped in front of the tellers' windows.

The clerks in LaMoine's drug stores are also wearing the gauze masks, as are the clerks in other business houses in the city. Doctor Blake is considering making an order that all persons appearing on the streets of the city be required to wear masks as a protection to themselves and other people with whom they may come in contact.

GERMANY CHAOTIC ARGENTINE HEARS

BUENOS AIRES, October 18.—The foreign office has received a dispatch from the Argentine legation in Berlin saying that the present situation in Germany is unendurable.

MAYOR OF ALBANY ENLISTS IN ARMY

ALBANY, October 18.—With his son already overseas serving his country, Mayor Orloff C. Marr of Albany has answered the call of the Y. M. C. A. for war workers in France and is preparing to leave for the front early next month.

Mayor Marr's call came yesterday from the Y. M. C. A. with instructions to straighten his business affairs in order to be able to leave for France on November 16. His son, Orrie Marr, has been in France for some months with an infantry company.

LEAVES $200,000 ESTATE

CHICAGO, October 18.—Charles A. Goodnow, former vice-president of the Chicago, Milwaukee and St. Paul Railroad, who died at Seattle, Washington, July 26th, left an estate valued at 200,272, according to an inventory filed in the Probate Court.

Women Needed as Nurses

Every woman who has had any nursing experience at all can greatly assist in the present epidemic by volunteering for service under the Red Cross in Richmond as nurses and housekeepers.

In many cases entire families are stricken with no one to care for them. A volunteer nurse can render inestimable service by helping nurse and prepare food in such cases.

It's an emergency.

THE WAR IS NOT WON.

It is by this time fairly obvious to the most superficial student of the war just why Germany let loose its extremely shrill and entirely insincere plea for an armistice.

Hindenburg and Ludendorff, unable to find new soldiers sufficient to fill the enormous gaps made by Foch's bites all along their front, faced the necessity of shortening that line.

Two years ago Hindenburg was able to withdraw to the "Hindenburg line" before the allies discovered what he was doing. The movement was therefore free from pressure and cost the Germans practically nothing in men or material.

This year, however, with allied infantry, artillery and tanks right upon his heels along every inch of the line, the German has been forced to retreat, not withdraw, and his retreat has been accompanied by the loss of thousands killed and prisoners and millions of dollars worth of munitions and other supplies.

On no front could he shake his pursuers off long enough to make an orderly withdrawal of a single unit.

Hence the peace plea on the forlorn hope that a slackening of allied pursuit if not an actual armistice, would give him the few days he needs to extricate the disorganized tangle into which Foch had thrown his armies.

Fresh triumphs by the allied troops have shown the Kaiser how clearly Marshal Foch discerned that the German peace plea was a cry for time.

But there is apparent danger that one of the lesser objects of the request for an armistice may be successful. This was the Kaiser's hope that the imminence of peace, would cause the American at home to lose his enthusiasm for the support of the American fighting men—that the man who should be buying Liberty Bonds would say:

"Oh well, peace will be declared very soon now. Let somebody else buy Liberty Bonds."

The Kaiser was too farsighted not to know that the actual approach of peace would have that effect—too deep-dyed in treacherous propaganda not to realize that the phantom peace his cry raised would have a similar effect.

THE WAR IS NOT YET WON.

The Fourth Liberty Loan must be not only subscribed, but far oversubscribed. Buy Fourth Liberty Bonds and if you have already bought—BUY MORE.

RAISING MORE WHEAT.

In response to the call for more wheat, 46 per cent of Iowa farmers planted approximately 550,000 acres to spring wheat, where last year only 250,000 acres were planted. This result is credited to a campaign on by county agents and farm bureaus. Orders for 128,541 bushels of spring wheat for seed were taken by the farm bureaus, and 168,122 additional bushels were located and distributed by county agents within their own counties. In addition to this the agricultural extension department of the Iowa State College of Agriculture, beginning in August, 1917, carried on through the county agents a vigorous campaign to increase Iowa's acreage of winter wheat. As a part of this campaign 316,387 bushels of salable seed winter wheat were located and listed. The information was carried to the farmers through newspapers, seed-wheat lists, county agents and special seed-wheat agents, who were sent into 39 counties in the southern part of the State at that time without regular county agents.

JUDGMENT GIVEN AGAINST HEIRS OF E. A. GOWE ON OLD BOND

The District Court of Appeals, in an opinion written by Presiding Judge Thomas J. Lennon, yesterday reversed the decision of the lower court and awarded the City of Albany judgment for $5,000 damages for the failure of the late E. A. Gowe and his heirs and representatives to complete a contract for a street railway within the boundaries of the city.

Gowe died shortly after beginning the work and the road was never finished. The city sued for damages on the bond furnished by the United States Fidelity and Guarantee Company.

Gowe was associated with W. S. Rheem in the old East Shore and Suburban street railway and secured a franchise through the city of Albany for their road to run into Berkeley and Oakland, but about that time the Oakland Traction company extended its tracks to the Contra Costa county line and some sort of a traffic agreement was reached between the two railroads. Afterward the Oakland traction absorbed the East Shore and Suburban property and the two roads were run under one management.

OWENS WINS SUIT WITH VANDER ZWEIP

In the case of James Vander Zweip against J. C. Owens, Judge Latimer has awarded the defendant, J. C. Owens, the sum of $1602.40.

The suit was a matter of accounting. Vander Zweip claimed Owens owed him something like $9000 on account and Owens held there was a balance coming from Vander Zweip. According to Judge Latimer's opinion Owens proved to be right and unless the decision is reversed by a higher court the plaintiff in the case will be compelled to meet the terms laid down by the court.

MEN 37 YEARS OLD WILL BE IN MARCH

WASHINGTON, October 18. — Draft calls for men who have passed their thirty-seventh birthdays are expected to begin about March 1. The approximate date of the first call was disclosed today by publication of testimony by Provost Marshal-General Crowder before the House Military Committee. General Crowder told the committe 2,399,000 newly registered men between 18 and 45 will be called before July 1. The calls for general service will be divided as follows:

October, 345,000; November, 204,000; December, 197,500; January, 147,500; February, 244,000; March, April, May and June, 344,000 each month. These men will supply both the army and navy and marine corps. In addition 20,000 men for limited service will be called each month.

Male citizens of Porto Rico between the ages of 18 and 45, under a proclamation by President Wilson today, must register for military service on October 26.

PUBLIC HEALTH NOTICE

On account of the continued great prevalence of the Spanish influenza in this City, without any signs of the diminutive at this time, all saloons in this city are hereby ordered to be immediately closed until further notice, also, all parents are notified to keep their children off the streets, as the Police Department has been notified to arrest every child playing on the streets, until further notice.

By order of:
CHAS. R. BLAKE, M. D.,
Commissioner of Health.
Dated: Richmond, Cal, Oct. 18, 1198. 10-8—2t.

JUDGE T. J. LENNON IN TOWN LAST NIGHT

Judge Thomas J. Lennon was in town last night looking after his candidacy prospects for election as associate justice of the supreme court. He would like to have one of the long terms, of which there are two at the disposal of the voters of the State of California.

Judge Lennon has been one of the judges of the court of appeals for the state of California and he believes that he is entitled to promotion. He has been at the head of the Appelate court for the past eight years.

SPANISH INFLUENZA RAPIDLY SPREADING

Persons Weak and Rundown Easy Victims—Fortify Yourself Against It By Taking Tanlac.

According to late reports issued by State and Federal health authorities the Spanish Influenza epidemic is rapidly spreading to all parts of the country, and it now seems that practically every state in the Union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health, but unless checked, it is apt to seriously affect the progress of war work in all its various departments. Already the Shipping Board has announced that ten per cent of its workers had been affected.

The disease has made its greatest progress in the East where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming; and both civil and military authorities have warned the public to take every precaution to prevent its further spread. In many cities, schools, churches and theatres have been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and rundown are the earliest victims of the Influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally run-down condition, or if you catch cold easily this warning should be heeded promptly. You are really in great danger, because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germs. People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution.

In other words to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a sub-normal condition the proper thing to do is to begin immediately to build up your powers of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstruction tonic, which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all Tanlac begins its action by creating a good healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after effects of Influenza, Grippe or Bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment, it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every day rules of hygiene be observed; that is, sleep in well ventilated rooms, get plenty of fresh air and exercise and keep away from crowds.

Tanlac is sold in Richmond by F. B. Lamoine, in Antioch by H. J. Shuman, in Crockett by J. Civiletti, in Pittsburg by Regal Pharmacy, and in Pinole by E. K. & H. Dunlap.—Advertisement.

TO ALL PATRIOTIC CITIZENS
The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—
Conserve Electricity
Patriotism demands that you save electricity for war industries.
Northern and Central California have a SERIOUS power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.
These War Industries Must Have Power
There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.
This is one other thing you can do in the great struggle.

BRUSSELS ROAD IS OPENED TO THE ALLIES IN SMASH

PARIS, October 18.—Lille, Douai and Ostend, three great cities, have been delivered from the enemy. This is the most glorious day for the allies since the battle of the Marne, and it fittingly terminates a wonderful battle of three months, which was opened by General Mangin's victorious counter offensive on July 18th.

Many cities have been liberated and hundreds of square miles of territory retaken. The results have been splendid. But the victory in Belgium is not all. The British south of Le Cateau have broken into the German positions and now threaten the Hunding line. The whole German defense system eastward to the Meuse is in peril.

As the first result of the forcing of the Germans back to the Ghent-Tournai-Valenciennes line during yesterday's fighting has been to sap the enemy's defenses before they have been able to reach them farther south. Without exaggeration it may be said that the prospects of the future are even more important than the actual results attained.

The road to Brussels is open. According to latest advices the French and Belgian armies are advancing rapidly toward Bruges and Ghent. The capture of Ostend makes it possible to land reinforcements and throw powerful forces against the extreme right of the German army.

E. B. SMALLWOOD IS DOWN WITH INFLUENZA

E. B. Smallwood the undertaker man, is ill. This morning he admitted being under the weather, but would not confess to having the influenza. However, he is at home and taking care of himself, which is a sensible thing to do these days.

ANTONE PERSICH TO BE BURIED IN OLIVET

Antone Persich, the taxi man who died from Spanish influenza yesterday morning, will be buried in the family plot in Mt. Olivet cemetery, San Mateo county, tomorrow. Bert Curry will have charge of the funeral arrangements and burial.

"No Mystery About Being Well Dressed, Harry"

"Simply a matter of knowing where to buy. For years I've been buying every one of my suits on easy payments—just like you do with other necessities of life. I've bought both ways, and I know what I'm talking about when I declare that buying clothes the Cherry way doesn't cost a cent more than the all-cash method where you lay all your money out in one lump. If you'll trot along with me tonight to 528 Thirteenth street, Oakland, you'll find out just why I'm so keen over Cherry's. A few dollars puts the best suit in the shop in your wardrobe—a few dollars every so often make it yours. I'll call you up tonight when I leave the house. You know, Cherry's have a women's store at 516 Thirteenth street, Oakland."—Advertisement.

MRS. BOWEN GETS HELMETS FROM FRANCE

J. S. Bowen, who is with General Pershing's Expeditionary forces fighting in France, sent his wife two shrapnel helmets. They came in the parcels post today.

They appear to be in first-class condition and one is from a boche and the other is a French helmet. The latter is much lighter than the boche affair but they are both rather heavy for a top-piece.

PERSONNEL OF TURK CABINET ANNOUNCED

WILLIAM BROWN, RICHMOND BOY, IS DEAD IN ARMY CAMP

William Brown, former driver for the Wells-Fargo express company here, and son of Mrs. Williams of 159 Fourteenth street, died of bronchial pneumonia in an army camp at Minneapolis, Minnesota. The news was received in a telegram to his mother last night and she immediately requested that the body be shipped here for interment. It will arrive in four days. Leo Brown, brother, and only other surviving, relative, is now fighting in France.

Brown enlisted nine months ago. The news prostrated the mother, who has been alone since the two sons left.

Notice to Water Consumers

Water MUST NOT be used for irrigation of lawns or gardens, street sprinkling or any non-essential use.

The impression seems to have arisen in some sections that the above restrictions on the use of water have been removed. Such is not the case. The prohibition against the use of water for irrigation, street sprinkling and all non-essential uses is still in full force and effect.

LOCAL PATRIOT BUYS BOND IN EAST

A. M. Hawes, of this city, is a patriot of the right sort. He is working at the Standard Oil refinery at a salary of $120 per month and recently bought a $100 Fourth Liberty bond.

But he has some property interests in Erie, Pennsyvania, and he wired his attorneys there today to take out a Fourth Liberty bond there, so he may aid in America going over the top.

Mr. Hawes was in the newspaper business in Erie, but sold out his business and came West on account of being broken in health. He is getting along fine now and is strong and robust. He will make California his home in the future, for he likes the people and the climate here.

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon. "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels bad, the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, physic taking becomes a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble."

By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.
